

# Belmont Round Firepit

CHSDK017 - Belmont Round Firepit

Diameter: 36" (91.4 cm)  
Height: 16" (40.6 cm)  
Weight: 120.0 lb (54.5 kg)

Our Belmont Round Firepit embodies the highest level of quality, design and Canadian craftsmanship. The proprietary material is less than half the weight of regular concrete. Strength and durability are uncompromised, rendering a product that is weather resistant, and able to take extreme heat and cold, all while achieving a striking resemblance of real stone. Includes weather cover and glass surround. Available with either Propane or Natural Gas connections; Standard Manual ignition. Electric Start ignition available as a premium. Weight provided below does not include decorative rock.
