

Pro Tapered Polyresin Planter

CHSVK1010-BK - Pro Tapered Polyresin Planter

Width: 26" (66.0 cm)

Depth: 26" (66.0 cm)

Height: 30" (76.2 cm)

The Pro Tapered Polyresin Planter is lightweight, fade resistant, weather & impact resistant, and environmentally friendly. The Pro Series planters are constructed out of roto-molded commercial grade polyethylene. They feature a ribbed texture, and double wall design for added insulation (frost resistant up to -30°C). Equipped with removable shelf. Available in 'Black' or 'Grey' finish. For indoor or outdoor use.
