

60" Rectangular Firepit

CHSDK003 - Rectangular Firepit

Width: 60" (152.4 cm)

Depth: 26" (66.0 cm)

Height: 15" (38.1 cm)

Our Rectangular Firepit embodies the highest level of quality, design and Canadian craftsmanship. The proprietary material is less than half the weight of regular concrete. Strength and durability are uncompromised rendering a product that is weather resistant, and able to take extreme heat and cold, all while achieving a striking resemblance of real stone. Includes weather cover, protective glass surrounds and is available with either Propane or Natural Gas connections; Standard Manual ignition. Electric Start ignition available as a premium (overall height increases to 16" with this option).
