

Veranda End Chair, Driftwood

CHSPR8007-DW-WT - Veranda End Chair

Our Veranda End chair features an all welded, powdercoated tubular aluminum frame, and is hand woven in Hauser Weather Resistant Wicker. The variegated synthetic fibre used is unmatched for its high grade flexibility, strength, UV and weather resistance. Our Hauser Weather Resistant Wicker combines modern day technology with classic styling to create the ultimate furniture for commercial use. Left Arm Facing (LAF) or Right Arm Facing (RAF) can be created by simply moving the back cushion to the opposing side. Shown here with our Driftwood (-DW) frame. (Weighted for commercial use)
