

MODeco I Modular Decorative Screen System

PS-205-AL - MODeco I Modular Decorative Screen System

Our 'MODeco I' Modular Decorative Screen Systems have been professionally engineered, and feature welded aluminum mounting columns, custom laser-cut 6061 aluminum panels, and stainless steel fastening hardware. Shown here in our 'Frosted Pewter' powdercoat finish, and with a 'Wave' laser-cut design. Custom sizes are available; up to 48" x 48" panels. Please contact us to determine the feasibility of your custom laser-cut design.
