Sku: HS-SLIPCOVERS-AC42

Dimensions: 34" H x 30" L x 35" D

Note: Comes standard with feather blend cushion; grade 1 fabric used for pricing. Also available: swivel glider

Our slipcover & upholstery collection is bench-built by skilled craftspeople on a special order basis. Each piece is individually crafted and it is for this reason that the dimensions listed are approximate. Each will vary to some degree due to fabric, internal filling, being slipcovered or fully upholstered, and individual craftspeople involved with its manufacturing. All frames are made of 1/8" engineered hardwoods cut on a C & C router. All frame joints are interlocked and glued for strength and durability. Corners are block reinforced to provide extra stability for longevity. We only use top of the line Drop-in Coil Units surrounded by angle iron and then secured to the frame for inner strength. Heavy gauge coils are used in the drop-in coil unit for consistent seating. Eight way hand tie is also available at an upcharge. Synthetic option is available please call for details.
